- Park Ranger 2150

Standard equipment:

- Safety tilt system** When operating in deep snow there is a risk of hitting obstacles. The safety tilt function reduces the risk of damages both to the plough and surroundings.

The rubber scraping edge is ideal for use with melting snow and also scrapes the surface thoroughly without damaging it.
- Floating skids** The 2 skids are height adjustable and ensures that the blade follows ground variations.

Extra equipment (options):
